Ethics

- Ethics addresses morality- what is wrong and what is right.
 - What does it have to do with digital art?
 - Why should I care?

Art Concept Peer Lesson

Research and figure out in your own words what your concept has to do with art.

- Slide 1: Name of Presentation & Names
- Slide 2: Explain your concept- In Your Own Words!
- Slide 3-8: Show 6 visual examples of your concept. Using images from the internet is ok because it is for educational purposes.
- Slides 9: Share ideas on how we can use the concept in our own work.
- Slides 10: Bibliography

Elements of Art—the basic ingredients the artist uses either separately or in combination to create artistic work (paintings, drawings, photographs, etc.)

- (group #1) Line

ECONOMY

Economy

- Economy in art is using element of art sparingly in your artwork.
 - Less is more, meaning using your space and elements in an image wisely instead of crowding your canvas.

How can you use Economy?

- You can use economy to emphasize details through the use of space.
 - Using only a few elements in your artwork gives each element more impact.
 - You can use economy by only using a single
